

HAMAZKAYIN MUSIC COMMITTEE

Hamazkayin Armenian Educational and Cultural Society, whose mission is to preserve and disseminate the Armenian cultural heritage, has many chapters in various countries in the Diaspora. Towards this objective, since the 1990-s, Hamazkayin Music Committee of Western USA embarked on a mission to publish an anthology of musical works of prominent Armenian composers.

This year (2021), the Music Committee is launching a website to present Armenian musicians, composers, and their works. The first composer presented will be Parsegh Ganatchian.

Our aim is to preserve and spread the Armenian musical legacy on the global stage through such websites and publications.

All those who can assist in this project with their research, publications, archives, literary or musical publications, and/or support with monetary donations to Hamazkayin Music Committee (a non-profit organization), please contact us.
